

MATHEUS TAVARES

Technical Support Specialist

Barcelona, Spain | +34 677 254 849 | matheut96@gmail.com | linkedin.com/in/matheus-tavares-348753223

PROFESSIONAL SUMMARY

Technical Support Specialist with experience providing first-line technical support in fast-paced, SLA-driven environments. Experienced in supporting business customers using TikTok Ads Manager and TikTok Business Center, troubleshooting issues related to user accounts, permissions, campaign access, platform functionality, and connectivity. Skilled in technical troubleshooting, SaaS applications, CRM platforms, and ticket management while maintaining accurate documentation and meeting SLA targets. Familiar with Microsoft 365, Active Directory, ITIL, and IT Service Management (ITSM) principles. Strong analytical and problem-solving skills with a customer-focused approach, supported by training in Front-End Development and Cybersecurity fundamentals. Fluent in English, Spanish, and Portuguese, with the ability to communicate technical concepts clearly to both technical and non-technical users in international environments.

PROFESSIONAL EXPERIENCE

Technical Support Specialist — TDCX (TikTok Project)

Feb 2025 – Mar 2026

Barcelona, Spain

- Resolved 50+ technical incidents per week while maintaining SLA compliance above 95% in a high-volume support environment.
- Provided first-line technical support to advertisers and business customers using TikTok Ads Manager and TikTok Business Center.
- Diagnosed and resolved issues related to user accounts, business account access, permissions, campaign management, platform functionality, and connectivity using structured troubleshooting methodologies.
- Investigated customer-reported incidents, identified root causes, and delivered first-contact resolutions whenever possible.
- Assisted customers with account recovery, authentication, access management, and business account configuration.
- Escalated complex platform defects and technical issues to Tier 2 and R&D teams with comprehensive documentation, reproduction steps, and business impact analysis, reducing investigation time.
- Managed incidents end-to-end through CRM and ticketing systems, ensuring accurate documentation, timely follow-ups, and customer communication.
- Collaborated with cross-functional teams, including Product, Engineering, and Operations, to improve incident resolution and customer experience.
- Created clear case documentation following ITSM/ITIL best practices, ensuring audit compliance and effective knowledge sharing.
- Provided end-to-end support for ad delivery, billing, payment setup, and account configuration.
- Troubleshot campaign issues including Smart+ campaigns, Spark Ads, automated rules, and reporting discrepancies.
- Guided clients on product limitations, policies, and optimization best practices.

Content Moderator (Platform Support & Investigation) — TELUS Digital International

Jun 2024 – Jan 2025

Barcelona, Spain

- Reviewed high volumes of user-generated content while consistently meeting quality, accuracy, and productivity KPIs.
- Applied platform policies and guidelines to identify violations and ensure a safe user experience.
- Investigated user reports and escalated complex cases following established operational procedures.
- Maintained detailed documentation and handled sensitive information with a high level of confidentiality.
- Analyzed content trends to identify risk patterns, contributing insights to moderation strategy and process improvements.
- Collaborated with cross-functional teams to resolve content-related issues and improve operational efficiency.

Bar Manager — The George Payne Irish Pub

Jul 2023 – Jun 2024

Barcelona, Spain

- Oversaw day-to-day front- and back-of-house operations, ensuring consistent service quality and a smooth guest experience.
- Supervised, trained, and motivated a team of bartenders, servers, and kitchen staff.
- Managed inventory, stock levels, and vendor ordering to minimize waste and maintain availability.
- Handled budgeting, sales tracking, and cash procedures, ensuring financial accuracy and compliance.
- Ensured full compliance with health, safety, and licensing regulations.

Team Lead — Press Up Hospitality Group

Aug 2017 – Jul 2022

Dublin, Ireland

- Oversaw daily bar operations, supervising a team of bartenders and servers across high-volume shifts.
- Maintained high standards for cleanliness, safety, and customer satisfaction while managing inventory.
- Resolved customer complaints and built positive guest relationships in a fast-paced, international environment.
- Trained new staff and coordinated workflow during peak business hours.
